It's the Start of Something New!

MediLodge of Mount Pleasant is starting some new things this year! One of those things will be this Newsletter. Each month, a Newsletter will be posted to inform staff of upcoming events and staff recognition. This month, we are doing a Missed Punch Incentive and a Donut Day.

There has been an ongoing issue of employees not punching in and out for their shifts. The Missed Punch Incentive will last for the Month of February only and will track employees who do not need their time changed due to missed punches. Each employee that correctly punches in and out will be put in a drawing for one of the two \$50 bonuses being offered. Even one missed punch will put you out of the running! Make sure to clock in and out ☺ Good Luck!

To make coming to work a little sweeter, we have also decided to have a treat day at least once a month. This month we are bringing in donuts for all employees (for each shift) on Friday, February 15th.

Also, here's a special Happy Birthday to those born in January and February!
